
PARCEL COMPACT

Simple and cost-efficient parcel shipping

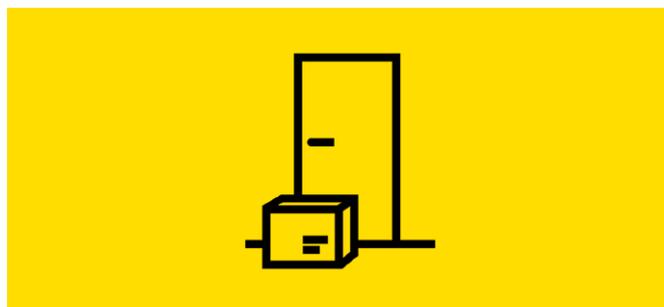

post.at/businessparcel

Our new shipping product, Parcel Compact, offers optimized delivery processes and significantly reduces the effort in customer support. This saves costs and allows you to offer lower prices. Delivery is made by placing the parcel in front of the recipient's apartment or house door. If this is not possible, the parcel will be securely stored and the recipient will be notified. For shipments with low value goods, Parcel Compact is the optimal solution.

Overview

- Austria-wide shipping
- Delivery time P+2
- Liability up to 50 euros
- Chargeable investigation but only if the outcome is positive for Austrian Post
- Available in Post-Labelcenter and for your own shipping software (notification data is mandatory)

Weight and Dimensions

Minimum dimensions: L 14 × B 9 cm
Maximum dimensions: L 100 × B 60 × H 60 cm
