BUSINESS COLLECTION SERVICE Posting parcels made easy

post.at/business-collection-service

You can now save valuable time when posting your parcels: we will pick up a maximum of 5 parcels per day at the address of your choice within Austria. Our business collection service is a great choice if you post a limited number of parcels once in a while. For extra convenience, you can use our collection service for items returned by your clients.

How it works:

For our business collection service, all you need is a valid deferred payment agreement. As soon as your parcels are ready for shipping, just order the collection service via the Austrian Post's shipping software or your own system. You can determine the collection day up to 7 days in advance. And you're done! On the selected day, our delivery person will come to collect your parcels.¹⁾
