# Prepaid value cards that can do more than surf the net and make calls.

## Need smart solutions for at home and on the go?

Whether it be the Wi-Fi dongle in the car or controlling the lawnmower and vacuum cleaner robot to the baby monitor: many things that make our lives smart need to be connected to the internet. All this is easily done in a flexible way with our prepaid value cards.

## Want to be fixed to the right offer but still stay flexible?

With a prepaid value card, you can make calls and surf the net immediately after purchase. There are no complicated tariffs or contract conditions. And: If you don't want to make any calls or surf the net with your value card for a month, you can simply pause your connection.

## Looking for cost control that's child's play?

With the prepaid value cards from B.free and yesss!, you have full cost control over your children's smartphones. They won't be able to exceed your cost limits and credit can be managed easily. Even if they use up the credit, you can still contact them.

## How do you find it?

Trackers for keys, pets or bicycles are becoming more and more popular. So that you can find lost or stolen items should the worst ever happen, trackers must be connected to the internet. The prepaid value cards provide this connection.

**Activated free of charge<sup>4)</sup> & ready to go right away.**

1) B.free: 5,000 free units valid throughout Austria until tariff selection, but for a maximum of 28 days from activation. Roaming not included. Details on A1.net and at your local post office.
