

Recipients and categories of recipients of personal data of Österreichische Post AG

Updated: December 2022

Here you can find a list of potential categories of recipients and specific recipients (to the extent possible) of Österreichische Post (hereinafter "Post", "we", "us") to whom personal data may be transferred in the course of the listed data processing activities.

Please note:

- An entry of a recipient or a category of recipients in this list does not mean that your data will actually be passed on to them in the context of the listed processing operations.
 - The aforementioned recipients will only receive your data if this is necessary to provide a service or to maintain the business operations of Österreichische Post (see the section " Information about possible data processing" in our [data protection information](#)).
 - Contracts have been concluded with all processors, which precisely regulate their obligations with regard to data and data security.
